

CURRICULUM VITAE

EMMANOUIL LARDAS

CONTACT INFORMATION

Personal email: manolislardas@gmail.com

NKUA email: elardas@di.uoa.gr

Cambridge email: el676@cam.ac.uk

EDUCATION

2026 - Now *Ph.D. in Computer Science – Department of Computer Science and Technology, University of Cambridge*

2023 - 2026 *M.Sc. in Algorithms, Logic and Discrete Mathematics – Inter-Institutional Graduate Programme “Algorithms, Logic and Discrete Mathematics” (A.L.MA.) (GPA: 10/10)*

2019 - 2023 *B.Sc. in Mathematics – Department of Mathematics, National and Kapodistrian University of Athens (GPA: 10/10)*

RESEARCH FIELDS

Graph Theory, Combinatorial Matrix Theory

ACADEMIC INTERESTS

Logic, Graph Theory, Set Theory, Computability, Complexity

PUBLICATIONS

JOURNALS

On the growth factor of Hadamard matrices of order 20, with Marilena Mitrouli. Applied Numerical Mathematics (Volume 208, Part A, February 2025, Pages 310-316)

On Strict Brambles, with Evangelos Protopapas, Dimitrios M. Thilikos and Dimitris Zoros. Graphs and Combinatorics (Volume 39, February 2023, Article number 24)

CONFERENCES

Pivot Patterns of Hadamard Matrices of Order 20, with Marilena Mitrouli. DESSERT'2023: The 13th IEEE International Conference on Dependable Systems, Services and Technologies (Greece 2023)

On Strict Brambles, with Evangelos Protopapas, Dimitrios M. Thilikos and Dimitris Zoros. ICGT 2022: 11th International Colloquium on Graph Theory and combinatorics (France 2022)

TALKS AND PRESENTATIONS

- | | |
|-------------|---|
| Type: | Conference presentation |
| Title: | <i>Pivot Patterns of Hadamard Matrices of Order 20</i> |
| Conference: | DESSERT'2023: The 13th IEEE International Conference on Dependable Systems, Services and Technologies (Greece 2023) |
| | |
| Type: | Poster presentation |
| Title: | <i>On the growth problem of Hadamard matrices of order 20: Further progress and recent results</i> |
| Conference: | NASCA23: Numerical Analysis and Scientific Computation with Applications (Greece 2023) |
| | |
| Type: | Poster presentation |
| Title: | <i>Julia Programming Language: Guide & Applications</i> |
| Conference: | NASCA23: Numerical Analysis and Scientific Computation with Applications (Greece 2023) |

TEACHING EXPERIENCE

INSTRUCTOR

- 2025 - 2026 *Maths for Computing*, Computer Science Program and Cyber Security and Networks Program, Metropolitan College
- 2025 - 2026 *Information Systems Modelling and Design*, Computer Science Program and Cyber Security and Networks Program, Metropolitan College

TEACHING ASSISTANT

- 2025 - 2026 *Computer Science I* (lab teaching assistant), Department of Mathematics, NKUA
- 2024 - 2025 *Computer Science I* (lab teaching assistant), Department of Mathematics, NKUA
- 2023 - 2024 *Computer Science I* (lab teaching assistant), Department of Mathematics, NKUA
Algorithms and Complexity (assignment grader), Department of Informatics and Telecommunications, NKUA
- 2022 - 2023 *Computer Science I* (lab teaching assistant), Department of Mathematics, NKUA
- 2021 - 2022 *Computer Science I* (lab teaching assistant), Department of Mathematics, NKUA
- 2020 - 2021 *Computer Science I* (lab teaching assistant), Department of Mathematics, NKUA

TUTORING

During the course of my studies, I have been working as a private tutor for undergraduate Mathematics students, mainly in the following courses: *Foundations of Mathematical Analysis*, *Calculus I*, *Calculus II*, *Calculus III*, *Computer Science I*, *Computer Science II*, *Linear Algebra I*, *Probability I*, *Real Analysis*, *Ordinary Differential Equations*, *Operations Research: Mathematical Programming*, *Mathematical Logic*, *Set Theory*, *Galois Theory*.

CONFERENCE ATTENDANCE

- 2025 ACAC '25: 20th Athens Colloquium on Algorithms and Complexity

- 2024 ACAC '24: 19th Athens Colloquium on Algorithms and Complexity
- 2023 DESSERT'2023: The 13th IEEE International Conference on Dependable Systems, Services and Technologies
- ACAC '23: 18th Athens Colloquium on Algorithms and Complexity
- NASCA23: Numerical Analysis and Scientific Computation with Applications

SCHOLARSHIPS AND MONETARY PRIZES

- 2022 - 2023 Scholarship under the action "Programme for the Award of Scholarships to Diligent Students from Vulnerable Social Groups and to Parents of Three Children or Large Families" of the State Scholarships Foundation of Greece (monetary prize: 3300€)
- Monetary prize from the Sailors' Home organisation, for students who are children of active or retired seamen and have completed the minimum academic requirements of their curriculum for the current academic year, with an average grade of at least 8/10 (monetary prize: 500€)
- 2021 - 2022 Scholarship under the action "Programme for the Award of Scholarships to Diligent Students from Vulnerable Social Groups and to Parents of Three Children or Large Families" of the State Scholarships Foundation of Greece (monetary prize: 3300€)
- Monetary prize from the Sailors' Home organisation, for students who are children of active or retired seamen and have completed the minimum academic requirements of their curriculum for the current academic year, with an average grade of at least 8/10 (monetary prize: 500€)
- 2020 - 2021 Scholarship under the action "Programme for the Award of Scholarships to Diligent Students from Vulnerable Social Groups and to Parents of Three Children or Large Families" of the State Scholarships Foundation of Greece (monetary prize: 3600€)

2019 - 2020 Scholarship under the action “Programme for the Award of Scholarships to Diligent Students from Vulnerable Social Groups and to Parents of Three Children or Large Families” of the State Scholarships Foundation of Greece (monetary prize: 3600€)
